Do you have a passion for teaching? Do you remember some of the teachers who are passionate about their job and inspired you to become an I.T. professional you are today? Contact Micro-Easy Vocational Institute (MEVI) and help us build more I.T. professionals for jobs in demand and invest in our student's future!

About Micro-Easy Vocational Institute:

Micro-Easy Computer, Inc dba MEVI has been providing computer repair (PC & Apple) and IT services for small businesses in the Bay Area since 1985. Since 2000, Micro-Easy Vocational Institute (MEVI) has been fulfilling our vision to be the premier career training school and provider of Information Technology skills in Contra Costa County, measured by student satisfaction and focused training programs that provide skills in demand by local employers. Our experienced faculty train future PC Technicians, I.T. Support specialists, Computer network Specialists, Web designers, Web developers, and Webmasters. We also prepare our students for clerical, administrative assistant, and customer service positions with our customized curriculum for job seekers and career changers including veterans. MEVI is licensed by BPPE to operate and listed on ETPL. Our training partners including Department of Rehabilitation (DOR), Department of Labor (DOL), Workforce Investment Board (WIB), City of San Pablo, Veterans Administration...sponsor most of our students.
